## *Services*

---

### **COUNSELING**

Our social worker is available to help you with grief counseling, help you with making a plan for when you return home after delivering your baby. She will be available to listen and talk to you and help make sure your needs are met to the best of our ability.

### **TRANSPORTATION**

If you need to relocate at this time, we will help do that. If you are here locally, we will make sure you get to your Doctor appointments and to the hospital when the time is right.

### **LEGAL RIGHTS IN REGARDS TO YOUR ADOPTION**

We will explain to you the laws in regards to adoption and what your rights are.

### **CONFLICT OF INTEREST**

I understand that staff members of Heart and Soul Adoptions, who are providing the adoptive family with services, may also be providing services to the birth parent(s). I understand that such an arrangement might create a conflict of interest between the concerns of the adoptive family and the birth parent(s).

### **PLACEMENT**

Each adoption is very individualized to your needs. There are never two adoptions just the same. You may wish to have a closed adoption and then decide that you want open. We are here to help you understand all options that you have and make sure you are comfortable with your decision and choice.

*We are here to help you with your decisions and know and understand your options that fit best with your situation.  
We never go away. We are here to help you.*
